---

## SUMMARY

Experienced Automation Testing Engineer with hands-on expertise in Python, Selenium, and Pytest. I focus on creating effective test cases, validating APIs, and integrating CI/CD pipelines using Jenkins. With a solid understanding of data-driven testing, I troubleshoot complex issues to ensure the software runs smoothly and reliably.

## CERTIFICATION

- Certification in Python Automation Testing - [GUVI Geek Networks], 2024

## WEBSITES, PORTFOLIOS, AND PROFILES

- LinkedIn : <https://www.linkedin.com/in/david-selvaraj-419301162/>
- GitHub : <https://github.com/david03dev>

## FUNCTIONAL SKILLS

Test Strategy & Planning | Test Automation | API Testing | Data-Driven Testing | Cross-Browser Testing  
Performance Testing | Test Environment Setup | Debugging & Reporting | CI/CD | Version Control

## SKILLS

Python (Core, OOPs) | SQL | Selenium WebDriver | Pytest | MySQL | Requests Library | Postman  
PyCharm | VS Code | Git | GitHub | Jenkins | Data-Driven Testing (DDT) | Parameterization

## TECHNICAL PROJECTS

1. OrangeHRM Employee Management System
  - Automated login scenarios including positive and negative test cases
  - Implemented PIM module test cases for adding, editing, and deleting employees
  - Validated error messages for invalid login scenarios dynamically
  - Tools: Selenium WebDriver, Pytest, Jenkins, MySQL
2. OrangeHRM Forgot Password and Admin Page Validation
  - Automated 'Forgot Password' functionality with dynamic username input
  - Validated header and menu options on Admin Page
  - Tools: Selenium WebDriver, Pytest, Requests Library, MySQL

## EXPERIENCE

- **Lead – Service Delivery Management | Sutherland Global Services | Feb 2019 – 2023**  
*Role:* Automation Development
- **Senior Associate – Transaction Processing | Sutherland Global Services | Feb 2015 – 2019**  
*Role:* Data Collection and Verification

## EDUCATION

- Bachelor of Engineering in EEE - [ANNA University], 2014
